

## CSC Burglar Alarm Systems

From residential installs to the largest building in Indiana, CSC has a professional working solution for your burglar alarm needs. As the lifeline of our industry, we take alarm systems seriously. Representing the best nonproprietary manufacturers in the industry, with trained and certified installers and our CSC owned Indianapolis based UL listed monitoring station, we provide the BEST formula to take care of ANY of your alarm system needs. You will not find another security company that can provide you with all of the above. CSC's sales team and installer experience is topnotch in the industry. Let CSC provide you with a professional quote, installation, monitoring and service after the fact.

We are not like other alarm companies you see advertised; we are locally and privately owned, never franchised out, never subcontract on installs and CSC provides nonproprietary equipment that does not lock you into a frustrating situation.
